

# VIDEO UPLOAD HOW-TO

- Students who want to record a video should record their video horizontally on a lower resolution setting (1080p or lower).
- Videos cannot exceed 3 minutes in length.
- You can record and edit videos on your PSD202 laptop! All school laptops are equipped with a camera and basic video editing software. Smart phone videos are an excellent option as well.

Upload your video to Lincoln Classroom:

Select Google Drive Folder  
 In Lincoln Google Classroom

Select new and upload  
 your video!
